## A LASTING EFFECT.

This Evidence Should Prove Every Claim Made for Doan's Kidney Pills in Barre.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it.

Geo. W. Brown, (carpenter of 29 Berlin Street), says: "When living at 32 Pearl Street in the winter of 1897, I procured Doan's Kidney Pills at E. A. Brown's drug store and after giving them a thorough trial I made the following statement through the Barre newspapers: 'Doan's Kidney Pills were worth their weight in gold to me.' That is my honest opinion. I add my reasons for thinking so. A few years ago I strained my back. It bothered me some at the time, but I paid little attention to it, thinking it would leave off of its own accord. It did not. It developed quite a serious kidney trouble. I tried various remedies but found nothing brought permanent benefit. In some manner my attention was called to Doan's Kidney Pills and I tried them. They did me a wonderful amount of good, and stopped a weakness of the kidneys and renal organs which was very annoying at night. Now today, in the month of May, 1902, I am pleased to continue my endorsement of Doan's Kidney Pills. I know of friends who have been benefited by their use. I have never relapsed into the condition that existed when Doan's Kidney Pills first came to my notice."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## Arboreal Homes For Consumptives.

Professor O. D. Steinberger of Springfield, O., who for years has been fighting consumption by living in a tree-top, believing that air fifty feet from the ground is purer than on the level, has taken to constructing other similar abodes for invalids. He is now superintending the building of one for George Quick, who is in poor health and seventy-two years old. This house is to be sixty feet from the ground, in the branches of a lofty oak. An elevator is being provided to transport the aged invalid to and from his house, in which he will remain during the days, and in good weather, during the summer, he will sleep in it at night. Professor Steinberger has built several houses, but this is to be the highest yet constructed.
